How We Help Businesses Meet their Goals

Benefits of Using Our Services

- Reduces production stresses by alleviating your bottlenecks.
- Decreases recruitment and training costs in your high turn-over positions.
- Decreases costs by targeting jobs that have excessive over-time pay.
- Gives you access to our valuable labor pool at multiple locations.
- Allows you to meet production deadlines in peak seasonal times.

New Horizons has multiple sites strategically located in southeastern Michigan. Our workforce of over 800 people provides both local and national industries with a wide variety of manufacturing services such as assembly, packaging, sewing and labor needs. Founded in 1964, New Horizons Rehabilitation Services is prepared to help your business or company meet your customer demands and schedules.

ASSEMBLY

Individual bench stations as well as assembly lines are set up depending on customer requirements. New Horizons has the capability of performing basic mechanical assemblies all the way to complex electrical assemblies. All of our associates follow rigid quality standards (ISO and QS compliant), while meeting demanding deadlines.

PACKAGING

New Horizons has extensive packaging capabilities at all of its locations. Shrink-wrap machines, heat tunnels, vac-wrap machines, trim sealers, and highly accurate electronic scales are utilized widely throughout the agency for our packaging contracts. With all these tools at our disposal, both wholesale and retail orders are easily filled.

SEWING

New Horizons' sewing operation, located in both our Auburn Hills and Davisburg locations, can produce a wide variety of net and canvas products as well as specialty items for the automotive industry and the military. Our locations are equipped with state-of-the-art equipment and are air-conditioned. The floors have been prepared with an epoxy finish to reduce dust and maintain a clean environment.
